Ground rules for the paper presentation and discussion

1. Nobody will present their own papers. Rather, each paper presenting team will be assigned to present another person's paper. The presenter will make a 10 minute presentation of the paper-----summarizing the argument and evidence (about 5 minutes), and critiques and suggestions for improvement (another 5 minutes). Ideally, there would be at least three 3 substantive issues raised for improvement.
2. After each presentation, the paper writers get a short chance to respond to the points made by their presenting discussant colleagues.
3. We then open up the floor for questions from others in the room. We hope all of you would have had a chance to read the papers.

Getting around in Amsterdam during the workshop

Arrival

[Your hotel](#) is walking distance from *Amsterdam Amstel Train Station*.

Our first event Thursday afternoon is at Roeterseiland Campus. This is 5 minute walking distance from Metro Stop *Weesperplein*. See map on the next page, pointing with arrows at the Weesperplein metro stop (lowest arrow) and the Roeterseiland campus (middle arrow).

Paying for public transport in Amsterdam

Public transport trips can be paid at the station using debit card or credit card. On how this works, see [here](#).

By Public Transport: From hotel to University of Amsterdam Roeterseiland Campus (building ABCD, “De Brug” for Thursday Meeting, room B.9.22 for Friday Meeting)

The easiest trip from the hotel using public transport is to go to Amsterdam Amstel from the hotel and then take a metro line 51, 53 or 54, direction Central Station, and get out at Weesperplein. At Weesperplein station, follow the signs for University of Amsterdam or Valckenierstraat. See map on next page.

On Foot: From hotel to University of Amsterdam Roeterseiland Campus (building ABCD, “De Brug” for Thursday Meeting, room B.9.22 for Friday Meeting room B.9.22)

The easiest way for those enjoying a city walk rather than a commute to get to the University’s Roeterseiland Campus is to walk from the hotel to Wibautstraat, follow this street, and then turn right on Sarphatistraat and left on Roetersstraat.

It is then about 30 minutes in total to get to University.

The problem with this route is that the Wibautstraat is certifiably one of the ugliest streets of Amsterdam. 😊

However, two alternative routes may be considered that are very beautiful. One is along the Amstel river, through the Weesperzijde street northward until Sarphatistraat, with views over the river and towards the city centre.

The other beautiful route is through Amsterdam East’s neighborhood and along the Oosterpark, through nice multicultural neighborhoods. Get there by walking Eastward on the Ringdijk from the hotel, crossing the bridge left to Nobelweg and Schalk Burgerstraat, and then keep following the road Northwestward along the Oosterpark until you reach Sarphatistraat.

From the hotel to House of Watt (dinner Thursday)

Short walk around the corner of the hotel, 2 minutes, see [here](#).

From the hotel to Café Vrijdag (dinner Friday)

Short walk from the hotel, 10 minutes. Walk from the hotel towards Amstel train station, but instead of entering the station, take the underpass underneath the railways to the right of the station entrance and after that cross the bridge over the Amstel river. Café Vrijdag is immediately to your left after the bridge. See [here](#).
